

WHAT CONTRACTORS NEED TO KNOW: KITCHEN EXHAUST DUCT

WHY SECURITY CHIMNEYS PREFAB GREASE DUCT?

Security Chimneys's Prefab Grease Duct provides benefits that make contractors more profitable. These benefits lower costs, reduce risks and save time. They also provide contractors with more to sell to their clients while reducing conflicts with AHJ's, Code officials and engineers.

WHY SECURITY CHIMNEYS PREFAB GREASE DUCT: GREATER PROFITABILITY

- Lower Installation Costs
- Save Time
- Reduce Risks and Headaches
- Design, Application and Training Support

WHAT ARE THE BENEFITS: WHAT IF...

- **What if you could lower installation costs and reduce job site quality issues...** Finding good employees will not get easier. A prefab, Plug-N-Play solution, ensures you save time on the job site and reduce costs.
- **What if you could keep the job on schedule without delays and conflicts...** The Security Chimneys prefab solution is your zero-leak option. Zero-leak and code-compliant design support means your job goes smoothly, passes inspection without delays, and conflicts and keeps the overall project on-schedule.
- **What if you could rely on someone else for Kitchen Exhaust Application and Design support and not have them on your payroll...** The industry's best team, Security Chimneys DSG, supports your needs at No Charge.

ALIGNMENT SLEEVE: Labor savings, quality control, and durable

Guides pieces together & provides backing for sealant

- Stiffens large/heavy sections keeping flanges in perfect alignment for ease of V-band attachment
- Smaller diameter can be joined by one person (vs. two)
- Eliminates sealant from being accidentally wiped off flanges

WHAT CONTRACTORS NEED TO KNOW: SECURITY CHIMNEYS PREFAB GREASE DUCT

Lower Costs AND Save Time. Reduce Risks, Headaches and Conflicts!

BENEFITS TO INSTALLING CONTRACTOR WHEN USING SECURITY CHIMNEYS vs SITE-BUILT

	Dollar Savings & Times Savings	Quality/Reliability / Durability	Notes:
